**RESOLUTION 2019-09**

**RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF TRINIDAD ADOPTING A MITIGATED  
NEGATIVE DECLARATION FOR THE VAN WYCKE BICYCLE AND PEDESTRIAN CONNECTIVITY  
PROJECT**

**WHEREAS**, the City of Trinidad proposes to use State funds from the Active Transportation Program to construct Van Wycke Bicycle and Pedestrian Connectivity Project. The project is proposed to occur primarily within the public rights-of-way owned by the City of Trinidad, including Edwards and Van Wycke Streets; and

**WHEREAS**, City planning staff has reviewed the proposed project and evidence and has referred the application and evidence to involved reviewing City departments and agencies for site inspections, comments, and recommendations; and

**WHEREAS**, the project is subject to environmental review pursuant to the California Environmental Quality Act (CEQA). A proposed Mitigated Negative Declaration has been prepared with respect to said project and notice has been sent to the State Clearinghouse, responsible and trustee agencies, and posted for public review for a period of 30 days as required by the CEQA Guidelines; and

**WHEREAS**, after due notice of public hearing, the matter came before the Trinidad Planning Commission to take public comment on February 20, 2019 and for consideration on March 20, 2019 and April 17, 2019; and

**WHEREAS**, at said public hearing, due consideration was given to the proposed Mitigated Negative Declaration, the environmental effect of the project, and any changes connected therewith; and

**WHEREAS**, at said public hearing, due consideration was given to all objections to and comments on said project, and the Planning Commission believes that the Mitigated Negative Declaration should be adopted.

**NOW, THEREFORE**, be it resolved by the Planning Commission of the City of Trinidad as follows:

1. The Planning Commission finds on the basis of the Initial Study and all comments received, that the proposed pedestrian improvement project has potential significant effects on the environment, which, with the inclusion of specific mitigation measures, will be rendered less than significant. Accordingly a Mitigated Negative Declaration has been prepared pursuant to the CEQA Guidelines.
2. The Planning Commission further finds that: The project is consistent with the City of Trinidad General Plan and Zoning Ordinance and that future permits pursuant to those documents will be required.
3. The Planning Commission of the City of Trinidad hereby adopts the Mitigated Negative Declaration and the Mitigation Monitoring and Reporting Program for the Van Wycke Bicycle and Pedestrian Connectivity Project
